

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: 21 June 2006

Division: Growth Management

Bulk Item: Yes X No

Department: Marine Resources

Staff Contact: George Garrett

AGENDA ITEM WORDING:

Approval to use up to \$25,000 of Boating Improvement Funds to assist in a maintenance dredging project on Tingler Island supported in the City of Marathon Dredging Master Plan. Invoices for the project will be routed to the County.

ITEM BACKGROUND:

The City of Marathon undertook a dredging master plan supporting a number of potential maintenance dredging projects. One of these projects involves that canals in the Tingler Island area of Sombrero Beach. The Tingler Island canals have in-filled significantly as a result of the past active storm seasons. Discussion with the City some time ago suggested that up to 10% of these projects could be funded using Boating Improvement Funds. Ten percent was considered reasonable by staff considering BIF availability. It is anticipated that approximately \$16,000 to \$17,000 will be necessary at the proposed 10% limit of project funding. This item was presented to the Monroe County Marine and Port Advisory Committee at the their 2 May 2006 meeting. The Committee recommended in favor of the project unanimously for up to and not exceed \$25,000. Sufficient BIF funds are available.
